★ Speeds based on USB 3.0 UHS-1 card reader. Actual transfer speed may vary due to host hardware, software and usage.

Superior UHS-1

• Fully upgrade to Ultra High Speed Class 1 specification (UHS-1)

The Superior series present a tremendous improvement in terms of transmission performance in reading and writing. By offering a whole new photographic experience in high-speed photo shooting and video capturing, the Superior UHS-1 series is the ideal equipment for DSLR, camcorders(SDHC/SDXC UHS-1), smartphones and tablets users(microSDHC/microSDXC UHS-1).

• A powerful performance solution

The Superior UHS-1 series is the ideal selection for all professional photographers, offering an extreme photographic experience in high-speed photo shooting in high-resolution and video capturing in Full HD quality. Built-in a powerful performance solution, this Superior UHS-1 series brings out remarkable transmission rate reaching at 90 MB per second, which allows you to capture more pictures with less lag time.

• Full range of product line & Lifetime warranty

The Superior UHS-1 series have a complete product roadmap ranging from SDHC, SDXC to microSDHC and microSDXC, building for all types of devices such as DSLR, camcorders(SDHC/SDXC UHS-1), Smartphones and tablets(microSDHC/microSDXC UHS-1). SP's Superior UHS-1 series are green products and are in compliance with strict European RoHS directives. SP flash cards all come with a Lifetime warranty.

Features

- Capture high-quality images and extended lengths of stunning 1080p full-HD video with any SD UHS-1 compatible DSLR, camera, HD camcorder, 3D camera
- Powerful Transfer speeds, reducing lag time while photo-shooting:
Superior series: up to 85/40 MB/s in reading and writing (SDXC UHS-1);*
up to 90/45 MB/s reading and writing (SDHC UHS-1) *
- Class 10 video recording performance **
- Getting 10 more photos in consecutive shooting in JPEG by a UHS-1 supported device ***

* Transfer rates may vary, depending on system platform / software / interface and SD card capacity.

** These capacities only come in a UHS-1, meaning they have a data transfer rate of 12MB/s

***The result may vary, due to the differences of devices and conditions.

Specifications

- Form factor: SDHC (16/32 GB) & SDXC (64 GB)
- Card dimension: 24 mm x 32 mm x 2.1 mm
- Operating temperature: 0°C to 70 °C
- Storage temperature: -40°C to 85°C
- Compatible with SDHC / SDXC UHS-1 enabled host devices.
- Lifetime Warranty

*Some of the listed capacity on a Flash storage device is used for formatting and other functions and thus is not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products.
